

**Azodyes which can be split into
carcinogenic amines
pursuant to TRGS 614 (March 2001 edition)**

A: Available on the international market

B: Not available on the international market

Die Azofarbstoffe sind nach bestem Wissen in die jeweiligen Listen eingeordnet worden. Eine Gewähr für die Richtigkeit kann jedoch nicht übernommen werden.

The azodyes have been classified in the respective lists to the best of **our** knowledge. However, a guarantee for the correctness cannot be taken.

The companies represented by TEGEWA do not produce or put on the market the azodyes which can be split into carcinogenic amines covered by the usage ban pursuant to TRGS 614.
